14 If it is necessary to show Mr. Subba Rao any concession, I think it would be well if it takes some other form. He has offered to go and specialise in Ophthalmology at his own cost and his services to the Medical Department on his return will be specially valuable. If, in view of this fact, Government are disposed to show him any consideration, I think it may take the form of a gran towards his college and examination fees and such other items of expenditure which he wil have to incur for the special courses he pro poses to take in Europe. I believe there are some savings in the Damodar Das Scholarship Fund and if any part of it can be used for this purpose, Mr. Subba Rao's request for some financial assistance could be complied with without throwing any additional expenditure on the Medical Budget.

15 Request No. (2) may be granted. This is not a case of a student taking an advance on insurance policies specially taken out to be pledged as security for the advance. Mr. Subba Rao is an officer of Government and he will not allow his policies to lapse.

16 Arrangements may be made to with-hold from his pay here the monthly premia to be paid on his policies and have them credited to the Insurance Fund. The proposal that the advance of £ 300 may be recovered in monthly instalments of Rs 50 need not be considered now. I think the rate of Rs 50 proposed is too low. What should be the monthly instalment for repaying the loan is a question which has to be settled with reference to his emoluments after his return to India. It is enough to say now that the monthly rate of recovery will be settled afterwards. and that

Mr. Subbarayan should accept Malaviya's decision (Crowe)

17 Only a sum of Rs 7,000 has been provided in the vote for Advances & Loans on account of Educational Advances and from what was stated by the Comptroller in a recent case -- that of Mr. Pavanji - it would appear that this sum may not suffice for meeting all the demands including the present one in the current year. ~~There was~~ In the recently referred to ~~a case in which~~ it was proposed to grant a sum of £ 175 to ~~a scholar~~ Mr. Pavanji - now in Germany. 38 The question of granting the benefit of Rule 6 does not arise. The benefit of this rule is for orders. The date of his entry into service is 12th July 1912. He thus comes within Rule 1. Under Rule 6 the course of study to be undergone has the prior sanction. In the first order sanctioning the leave, it is stated that the leave is granted to enable the officer to specialise in Ophthalmology. This is perhaps sufficient fulfilment of Condition 6.

If the rules are applicable, the Govt have to approve of the course of study under rule 6.

If the benefit of the rules is to be given, it would be better to consult Dr V. Narayana Rao (who is on leave) as to the necessity for the course to be undertaken & to the fitness of the candidate for such a course of study having regard to his future employments as candidate for Special work.

42 Mr. Subbarao's case may be brought under the new order & there a sum of about Rs 1000 is the cost of applying the order to his case this year and this amount may be found by reappropriation in the Medical Budget: if however it is not possible to find the money in this way it may I think be spared from the Dandeda Doss charity fund. Considering the object of Mr. Subbarao's deputation & Europe I do not think there is any infringement of the objects of this fund if a sum of Rs 1000 is spared from it for this purpose.

(2) to grant him a loan of £300/- free of interest on the security of his Insurance Policies, the loan being recovered in monthly instalments of Rs.50/- after his return to India.

Sir,

I have the honor to state that I am very thankful to the Government for having kindly sanctioned me eight months leave from the 1st January 1925, in Government order No.9661-2-Medl.22-23-57 dated the 18th June 1924, to enable me to proceed to England to - specialise in Ophthalmology

2. In this connection, I beg to request you to recommend to the Government to treat this leave as "Study leave" so that I may be entitled to privileged rates of exchange, viz., 1s.6d. the rupee, the present exchange rate being 1s.5d. per rupee.

3. I beg also to represent that the leave allowances I get from the Government will hardly suffice to defray my expenses in England and that of my family here and to pay up my monthly insurance premium. You are well aware I have to meet the cost of passage, application fees etc., which may come up to not less than £ 300/- (i.e, Rs 5000/- nearly); and that I have no private resources, out of which, I can meet the above items of expenditure.

4. I beg therefore to request you to kindly recommend the grant of a loan scholarship of £300/- (Three Hundred) free of interest on the security of two life insurance policies whose value amounts to Rs.10708 P.N.18108 Rs.4831 + P.N.27137 Rs.5877 The amount may kindly be arranged to be recovered by the Government in instalments of Rs 50/- per mensem after my return from leave.
